

INSTRUCTION MANUAL

Protection Made Simple

Account Number _____

System Entry Time: _____ System Exit Time: _____

X = Applies to your system

X MASTER CODE

Your four digit Master Code is used to turn your security system ON or OFF. Your four digit Master Code will also shut OFF the siren if you accidentally set off your alarm.

X ARMING THE SYSTEM

To arm your system, wait for the Green Ready Light, then enter your four digit Master Code, The Red Armed Light will come on letting you know that you have _____ seconds to exit. **If you make a mistake, just press the (#) and start again.**

X DISARMING THE SYSTEM

When you enter through the delay door(s) you will hear your keypad buzzing, letting you know that you have _____ seconds to enter your four digit master code to turn OFF your system. **If you make a mistake, just press the (#) and start again.**

ZONE BYPASSING

This will allow you to temporarily bypass a zone when access is needed to part of the protected while the system is armed. Zones that are temporarily out of service can also be bypassed allowing partial protection, until repairs can be made.

Zones **cannot** be bypassed after the system is ON.

Press [*] Then [1] then zone number(s) to bypass (01-16). Press [#] when done.

As each zone is bypassed, the zone light will come on.

ADDING or REMOVING ADDITIONAL CODES

Up to a total of 32 codes may be programmed into your system. We highly recommend contacting our office, and letting us change the codes for you.

__*PANIC BUTTONS*

There are three buttons on the touch pad labelled (F) FIRE, (E) MEDICAL, (P) POLICE. You must press and hold (BOTH HALVES) the desired panic button for 2 seconds to activate.

__*ALARM TEST*

We recommend that you test your system monthly.

Press (*) Then (6) Then your Code (_____) Then (4)

Your system will test Keypad(s), Siren(s), Bell(s), and Battery for about 2 seconds.

Then Press (#) to reset.

__*FIRE ALARM RESET*

Press the (#) button on touch pad to silence alarm, this will give you 90 seconds to clear away smoke from detector. Then press the RESET button. if the smoke has cleared, the detector will reset. If the smoke has not cleared from the detector, open a window or door and fan clean air into the detector and try resetting again. If silenced within 30 seconds, no signal will be sent.

__*ALARM MEMORY DISPLAY*

If the Memory light is ON, an Alarm has occurred during the last Armed period. The Alarm Memory will automatically be displayed when the system is disarmed.

Press (*) then (3) to display the zone which caused the Alarm.

Press (#) To Return To Ready.

__*VIEWING TROUBLE CONDITIONS*

Your Master Control continuously monitors a number of possible trouble conditions. If one of these conditions occur, The Touch Pad will beep twice every 10 seconds and also the TROUBLE indicator will light. Press any Button to silence beeping. The Trouble indicator will remain ON until trouble condition is cleared.

__*TO VIEW TROUBLE*

Press (*) Then (2) to display type of trouble. A zone light will come on to indicate which type of trouble exists.

You have the opportunity to introduce your friends and relatives to the same peace-of-mind that you have come to know since installing your system. Because American Alert is committed to quality and service, most of our new clients are introduced to us by satisfied system owners like yourself. Help prevent your friends and neighbors from becoming the victims of a break-in, fire or medical emergency. Of course, we pledge to give them the same professional service.

In appreciation for each new home or business owner that we protect as a result of your referral, we will treat you and a guest to dinner at a fine local restaurant. This is our way of saying Thank You.

Please take a few minutes and help make the people you know safer.
